

KENT HINGED INDUSTRIAL MANHOLE KMHD-900/900HLA

Kent Hinged Industrial Manholes can be fabricated to any dimension. They are designed to be filled with material to match the surrounding floor finish – Concrete, Tile, Resin. They come with a Double Seal as standard.

They feature Gas struts on the smaller sizes or Kent Lift Assist Mechanical Struts on larger sizes.

They are suitable for all areas which have pedestrian traffic but they can be modified to take loading of 11 ton forklifts. They can be supplied with enclosed fire-rated insulated panels if requested.

They come with 2 lockable lifting points as standard.

The loading is FACTA AAA as standard, and care should be taken, care should be taken to note the structural opening size and the clear opening size. The clear opening is reduced on one side because of the Lift Assist Struts and the Hinged Safety Grid.

Features

- Made from Grade 304L Stainless Steel as standard with an option for Grade 316L Stainless Steel
- Robust continuous piano hinge as standard
- 2 lifting points with locks as standard
- Gas Struts or Kent lift assist Mechanical Struts
- Most commonly ordered as Double Sealed
